

Meeting minutes for September 27, 2022
286 Lake Street

1. 7 pm Don called meeting to order
2. 7pm John performed roll call: Present were Matt Slaggle, Don Haack and John Winkas
3. 7:03 Don talked about the application process on the absorption area in question. He then proceeded to look at prints and layouts.
 - A. Date the application was filed was not on any of our paperwork.
 - B. Date the letters were sent out and published in paper was September 2, 2022
- 4 & 5 . 7:05 We all reviewed the variance request and had a couple logistical questions for Josh on health dept expectations. They explained to us that the health dept will be on site at the time of the installation so it follows their specs and protocols. Placement of field and tank were also discussed.
6. 7:09 No correspondence from any neighbors were received
7. 7:10 Roger Vanderstelt 169 N. Sixth ave provided the board with a letter on a previous property that was granted this same variance. Chris LaFaive 781 Elm had a question on the setback of tanks and systems from the road way. Don answered with as far back as possible but that would be a health dept decision. Matt S. responded that his home also has some of the system in the roadway due to redrawn property boundaries and maps not being updated from old train tracks. Josh Middleton also explained why it had to be where it was being proposed due to setbacks from Spring Lake. No other public comment
8. 7:13 Don closed public hearing
9. 7:13 Don opened the board meeting.
 - A. 7:15 We discussed the request and Don asked if anyone had any questions or comments and asked a question of his own of who would be liable for future infrastructure changes or adds due to the many variances given down this road. Matt said everyone down that entire road would be in the same boat due to limitations and setbacks to the lake. No answer was given.
 - B. 7:15 Matt made motion to grant variance, John seconded the motion. John then recorded a roll call vote: Matt S. Yes, Don H. Yes, John W. Yes motion passedMeeting adjourned at 7:16
